SUPPORTING MATERIAL:

You may include documents, letters of support and any information that illustrates, supports and/or quantifies information included in the nomination form.

Supporting materials may include, but is not limited to, definitive examples, testimonials, photos, promotional material, URLs of webpages, website analytics, or social media metrics.

All information submitted is kept confidential. No information will be published without the consent of the nominee.

STEP 2:

Please tell us a bit about the nominee/nominated project by filling in the information below. All questions are evaluated to determine a winner, so please ensure you've filled them all out. Please provide as much detail as possible. You can attach an additional piece of paper if needed.

Why should this nominee be recognized with an Efficiency Excellence Award?

What has been the impact of this nominee's efforts?

What innovative efforts set this individual, community organization, or project apart from an energy efficiency and conservation viewpoint?

How have these efforts engaged and inspired others to action?

If this nominee could share one piece of wisdom from his/her/their energy efficiency/energy use reduction experience what would it be?

STEP 3: Please share your supporting materials.

Send any hard copies of photos or statistics you have along with your nomination form to the following address:
